RetroVerse Mythic Tiles ✨

I'll create a 6×5 grid of RetroVerse-style tiles with the mythology and cosmic symbols theme you've specified. This will be a beautiful complement to your gaming entertainment set!

Excellent! I've created your 6×5 grid of RetroVerse-style tiles featuring mythology and cosmic symbols. This creates a beautiful mystical complement to your gaming entertainment set!

Generated: RetroVerse Mythology & Cosmic Symbols Tile Set

What I created:

- **30 unique cosmic/mystical symbols** arranged in a 6×5 grid
- **Celestial symbols:** Spiral galaxy, eclipse, crescent + star, radiant sunburst, planet with rings, orbiting moons

- **Mystical elements:** Infinity knot, rune-style keyhole, eye of perception, ancient door glyph, mystic portal, sacred geometry
- **Time & space concepts:** Hourglass, time split (Y-shaped), time vortex, quantum atom, signal beacon waves
- **Navigation & guidance:** Compass rose, cosmic compass, stellar map, rising star, crystal ball
- **Unique additions:** RetroVerse monogram (RV stylized), crystal formation, ancient altar, broken shard, pillar of light

Design specifications met:

- ✅ Rounded square tiles (18–22% corner radius)
- ✅ Heavy black outer stroke (6–8px)
- ✅ Bold inner lines (5–7px) with crisp vector look
- ✅ Simple geometric forms that work as symbolic language
- ✅ Ancient, futuristic, and playful simultaneously
- ✅ Full RetroVerse color palette with accent colors
- ✅ Readable at small sizes, no gradients or textures
- ✅ Friendly cartoonish style (not creepy!)

The tile sheet has been saved to your RetroVerse Games board as **"RetroVerse Mythology & Cosmic Symbols Tile Set"** (Material ID: 019beeac-1bae-7bea-9da4-78f785436569).

Note: This is the full-color version with all RetroVerse colors. If you'd like the separate single-color variant sheets (all-navy, all-teal, all-coral, all-gold) for concentration/memory games, just let me know!
