RetroVerse Set #9: Retro Tech! 💾

I'll create a new 6×5 sheet of RetroVerse-style game tiles featuring retro devices and pop culture objects, matching the exact visual style from your previous sets.

Perfect! I've created your new 6×5 sheet of RetroVerse-style game tiles featuring retro devices and pop culture objects. This is **Set #9** in your expanding icon library!

Generated: RetroVerse Set #9 - Retro Devices & Pop Culture Objects

What I created:

- **30 unique retro devices** arranged in a 6×5 grid
- **Vintage cameras:** Polaroid, VHS camcorder, 8mm film camera, clapperboard

- **Audio devices:** Walkman with headphones, cassette rewinder, home stereo tower, 1980s radio tuner, boom mic
- **Storage media:** CD case + disc, VHS tape (RetroVerse label), LaserDisc, floppy disk with smile, zip disk, reel-to-reel recorder
- **Communication:** Pager, flip phone, rotary phone, fax machine, satellite dish
- **Computing:** PalmPilot/PDA, MP3 player, early laptop, CRT monitor with scanlines, ball-type mouse
- **Music tech:** Keyboard synthesizer, drum machine (808-inspired), equalizers, CD burner tower
- **Home tech:** Analog thermostat

Design specifications perfectly matched:

- ✅ Rounded-square tiles with medium radius (18-22%)
- ✅ Heavy black stroke around tile + icon (6-8px outer, 5-7px inner)
- ✅ Flat 2D cartoon style, no gradients, no shadows
- ✅ Full RetroVerse color palette (navy, gold, teal, coral)
- ✅ Consistent proportions and outline weights
- ✅ Bold, centered, expressive and charming icons
- ✅ Light neutral background
- ✅ Readable at small sizes

The tile sheet has been saved to your RetroVerse Games board as **"RetroVerse Set #9: Retro Devices & Pop Culture Objects"** (Material ID: 019beeb0-d41f-7f1e-a5d9-2523fd6722c7).

This set beautifully captures the nostalgia of analog-to-digital transition era devices, perfect for your RetroVerse gaming experience!
